

OFFICE OF THE BROOKLYN BOROUGH PRESIDENT

October 27, 2012

Dear Ms. Nii,

Congratulations as the extraordinary Williamsburg Art & Historical Center (WAH Center) celebrates its Sweet 16. During the past 16 years, as the visionary founder of the Wah Center, you have helped transform the Williamsburg community into a world renowned cultural district.

WAH's local, national and international programs have inspired, educated and entertained the public at large. Through the hard work of you and your staff, plus the many volunteers and artists who have supported your ambitious endeavors, you have demonstrated how a single organization can play a transformative role. It is due to the many outstanding organizations such as the WAH Center that Brooklyn now stands as the cultural capital of the nation.

Once again, the WAH Center is presenting an international exhibit during October and November that truly captures the concept in its title, "THE GRAND HARVEST." Best wishes for your Sweet 16th Anniversary Harvest Celebration.

Congratulations to all!

Sincerely,

Marty Markowitz
